- 3.6.2. Except in cases of a Redemption Notice (as described in detail in Section 5 below), the Public Warrants may be exercised on a cashless basis, unless the Issuer elects an exercise against payment in cash of the Exercise Price. In case the Issuer elects to require exercise against payment in cash of the Exercise Price, the Issuer will inform the Warrantholder within three Business Days after receipt of the Exercise Notice accordingly via an Individual Notice to such Warrantholder. The Issuer may also at any time elect an exercise against payment in cash of the Exercise Price through a notice to all Warrantholders pursuant to Section 6.

- (a) The Warrantholder must deliver at its own expense during the Exercise Period to the Warrant Agent via its Custodian and the Clearing System a duly completed and executed Exercise Notice (which may be via fax or email) using a form (from time to time current) obtainable from the Warrant Agent which must be received by the Warrant Agent by 4:00 p.m. (Frankfurt time) on the last day of the Exercise Period at the latest. The Warrant Agent is authorized to deliver the subscription certificate on behalf of the Warrantholders.

- (c) Upon fulfilment of all requirements specified in Section 3.6.3(a) and (b) for the exercise of the Public Warrants, the Warrant Agent will verify whether the aggregate number of Public Warrants delivered to the Warrant Agent exceeds or falls short of the number of Public Warrants specified in the Exercise Notice. The Warrant Agent will determine the number of Public Shares to be received for the exercised Public Warrants, provided that if the Warrant Agent has determined that the number of Public Warrants delivered to the Warrant Agent exceeds or falls short of the aggregate number of Public Warrants specified in the Exercise Notice, the Warrant Agent will determine the number of Public Shares to be received by the Warrantholder on the basis of the lower of (A) such total number of Public Shares which corresponds to the aggregate number of Public Warrants set forth in the Exercise Notice and (B) such total number of Public Warrants which corresponds to the aggregate number of Public Warrants in fact delivered for exercise. Any Public Warrants delivered in excess of the number of Public Warrants specified in the Exercise Notice will be redelivered to the Warrantholder at its cost. 3.6.5. The exercise of the Public Warrants does not entitle a Warrantholder to fractional Public Shares. If a Warrantholder delivers an Exercise Notice for a number of Public Warrants that would result in such Warrantholder being entitled to receive a fractional interest of a Public Share, the number of Public Shares to be issued to the Warrantholder is rounded down to the nearest whole number of Public Shares and the fraction of the Public Warrant that is not exercised for a whole Public Share shall be forfeited without consideration.

3.7. Cashless Exercise

3.7.1. Except in cases of a Redemption Notice (as described in detail in Section 5 below), in case of a cashless exercise of the Public Warrants, the Warrantholder will not pay the Exercise Price in cash, but will receive in aggregate a number of Public Shares, as determined by the Issuer, equal to the number of Public

Warrants validly exercised multiplied by the quotient of (i) the Fair Market Value minus the Exercise Price (ii) divided by the Fair Market Value.

3.7.2. The exercise of Public Warrants on a cashless basis is subject to the availability of sufficient distributable reserves of the Issuer in accordance with Luxembourg law to be incorporated into the share capital at the time of the issuance of the Public Shares to be issued and/or the availability of a sufficient number of treasury Public Shares for subscription and/or acquisition, respectively. The Public Shares will be delivered in accordance with Section 3.8.1.

3.8. Settlement

3.8.1. Delivery of Public Shares

To issue to the Warrantholders the number of Public Shares to which they are entitled following the valid exercise of any Public Warrant and the clearance of the funds in payment of the Exercise Price, the Issuer shall take the required resolutions and any ancillary steps in order to (i) as applicable, issue and deliver such number of Public Shares from its available authorized capital, or deliver from available treasury Shares, such number of Public Shares as is equal to the Public Warrants being exercised, rounded down to the next full Public Share, and transfer such Public Shares to the securities account of the Warrantholder specified in the Exercise Notice, (ii) instruct BIL to cause (A) the recording of the Public Shares issued on the single issuance account (*compte d'émission*) of the Issuer, and (B) the delivery of such Public Shares to the Clearing System, and (iii) cause BIL to provide a confirmation with regard to the completion of the steps referred to under items (A) and (B).

3.8.2. Cash payment in lieu of delivery of Public Shares in exceptional circumstances

If and to the extent the Issuer (i) is unable to issue and/or deliver Public Shares from its authorized capital due to mandatory law requirements, and, in addition, (ii) does not hold deliverable treasury Public Shares, the Issuer will pay to the Warrantholder the Cash Alternative Amount in lieu of the delivery of the number of undeliverable Public Shares. In such case, the Issuer will give notice (in text form, by fax, by email or otherwise, using the address stated in the Exercise Notice) to the Warrant Agent who shall inform the Warrantholder who has delivered an Exercise Notice whether and to what extent the Issuer must pay a Cash Alternative Amount stating the number of undeliverable Public Shares and the facts which establish the obligation of the Issuer to pay a Cash Alternative Amount. No interest will be payable with respect to a Cash Alternative Amount.

3.8.3. Public Shares and Public Warrants

Public Shares issued upon the valid exercise of the Public Warrants in accordance with the present Terms and Conditions are validly issued and subscribed and fully

paid up. Until transfer of such Public Shares has been made, no claims arising from the Public Shares will exist. Any Public Warrants validly exercised shall be cancelled automatically and immediately, and the Warrantholder shall have no further rights in respect of such Public Warrants.

3.8.4. The delivery of Public Shares pursuant to this Section 3.8 is furthermore subject to payment by the Warrantholder of any taxes, duties or governmental charges which may be imposed in connection with the exercise of the Public Warrants or the delivery of the Public Shares.

3.9. Issuer Undertakings

3.9.1. Public Shares issued for Public Warrants shall rank *pari passu* in all respects with the existing Public Shares. In particular, all Public Shares carry full dividend rights from the date of their issuance.

3.9.2. The Issuer shall at all times have an authorized capital sufficient to permit the issuance of Public Shares upon exercise of all outstanding Public Warrants issued pursuant to these Terms and Conditions.

4. Adjustments

4.1. Share Dividends, Split-Ups or Similar Events

If, prior to the relevant delivery of Public Shares, the number of outstanding Public Shares is increased by a share dividend payable in Public Shares, or by a split-up of Public Shares or other similar event, then, on the effective date of such share dividend, split-up or similar event, the number of Public Shares issuable on exercise of each Public Warrant will be increased in proportion to such increase in the outstanding Public Shares. A rights offering to holders of Public Shares entitling holders to purchase Public Shares at a price less than the Historical Fair Market Value will be deemed a share dividend of a number of Public Shares equal to the product of (i) the number of Public Shares actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for Public Shares) and (ii) one minus the quotient of (x) the price per Public Share paid in such rights offering divided by (y) the Historical Fair Market Value. For these purposes, if the rights offering is for securities convertible into or exercisable for Public Shares, in determining the price payable for Public Shares, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion. No Public Shares shall be issued at less than their par value.

4.2. Extraordinary Dividends

If the Issuer, at any time while the Public Warrants are outstanding and unexpired, pays a dividend to the holders of Public Shares or makes a distribution in cash,

securities or other assets on account of such Public Shares (or other securities into which the Public Warrants are convertible), other than (a) as described in Section 4.1 above, (b) Ordinary Cash Dividends, (c) to satisfy the redemption rights of the holders of Public Shares in connection with the Business Combination, (d) to satisfy the redemption rights of the holders of Public Shares in connection with a shareholder vote to amend the Issuer's articles of association (A) to modify the substance or timing of the Issuer's obligation to redeem 100% of the Public Shares if the Issuer does not complete the Business Combination within the business combination deadline or (B) with respect to any other provisions relating to the rights of holders of the Public Shares, or (e) in connection with the redemption of the Public Shares upon the Issuer's failure to complete the Business Combination, then the Exercise Price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value (as determined by the Issuer's management board in good faith) of any securities or other assets paid on each Public Share in respect of such event.

4.3. Aggregation of Shares

If, prior to the relevant delivery of the Public Shares, the number of outstanding Public Shares is decreased by a consolidation, combination, reverse share split or reclassification of Public Shares or other similar event, then, on the effective date of such consolidation, combination, reverse share split, reclassification or similar event, the number of Public Shares issuable on exercise of each Public Warrant will be decreased in proportion to such decrease in outstanding Public Shares.

4.4. Adjustments in Exercise Price

Whenever the number of Public Shares purchasable upon the exercise of the Public Warrants is adjusted, as described in Sections 4.1 to 4.3 above, the Exercise Price will be adjusted by the Issuer by multiplying the Exercise Price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of Public Shares purchasable upon the exercise of the Public Warrants immediately prior to such adjustment and (y) the denominator of which will be the number of Public Shares so purchasable immediately thereafter.

4.5. Raising of the Capital in Connection with the Initial Business Combination

If (x) the Issuer issues additional Public Shares or equity-linked securities for capital raising purposes in connection with the closing of the Business Combination at the Newly Issued Price, (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the Business Combination on the date of the consummation of the Business Combination (net of redemptions), and (z) the Market Value is below EUR 9.20 per Public Share, (i) the Exercise Price will be

adjusted (to the nearest cent) to be equal to 115% of the higher of the Newly Issued Price or the Market Value, (ii) the €8.00 per share redemption trigger price described in Sections 5.1.1 and 5.1.2 will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price, and (iii) the €10.00 per share redemption trigger price described in Section 5.1.2 will be adjusted (to the nearest cent) to be equal to the higher of the Market Value and the Newly Issued Price.

4.6. Replacement of Securities upon Reorganization

In case of any reclassification or reorganization of the outstanding Public Shares (other than any of those described in Sections 4.1 to 4.3 above or that solely affects the par value of such Public Shares), or in the case of any merger or consolidation of the Issuer with or into another corporation (other than a consolidation or merger in which the Issuer is the continuing corporation and that does not result in any reclassification or reorganization of the outstanding Public Shares), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of the Issuer as an entirety or substantially as an entirety in connection with which the Issuer is dissolved, the holders of the Public Warrants will thereafter have the right to purchase and receive, upon the basis of the Public Warrants and in lieu of the Public Shares immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of Public Shares or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the Warrantholder would have received if such Warrantholder had exercised its Public Warrants immediately prior to such event. If less than 70% of the consideration receivable by the holders of Public Shares in such a transaction is payable in the form of Public Shares in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the Warrantholder properly exercises the Public Warrant within 30 days following the public disclosure of such transaction, the Exercise Price will be reduced by an amount (in EUR) equal to the difference of (i) the Exercise Price in effect prior to such reduction minus (ii) (A) the Per Share Consideration (but in no event less than zero) minus (B) the Black-Scholes Warrant Value on Bloomberg Financial Markets. For purposes of calculating such amount, (i) Section 5 of these Terms and Conditions shall be taken into account, (ii) the price of each Public Share shall be the Average Share Price as reported on the Relevant Market during the ten Trading Day period ending on the Trading Day prior to the effective date of the applicable event, (iii) the assumed volatility shall be the 90 day volatility obtained from the HVT function on Bloomberg Financial Markets determined as of the Trading Day immediately prior to the day of the announcement of the applicable

event and (iv) the assumed risk-free interest rate shall correspond to the European Central Bank Euro area yield rates for a period equal to the remaining term of the Public Warrant. If any reclassification or reorganization also results in a change in Public Shares covered by Section 4.1, then such adjustment shall be made pursuant to Section 4.1 or 4.2, 4.3, 4.4, 4.5 and this Section 4.6. The provisions of this Section 4.6 shall similarly apply to successive reclassifications, reorganizations, mergers or consolidations, sales or other transfers. In no event shall the Exercise Price be reduced to less than the par value per share issuable upon exercise of such Public Warrant.

4.7. Notices of Amendments to Public Warrants

The Issuer will publish all notices concerning amendments to Public Warrants in accordance with Section 6.

5. **Redemption Rights**

5.1. Redemption

5.1.1. The Public Warrants may be redeemed, in whole but not in part, at the option of the Issuer, at any time during the Exercise Period, upon a minimum of 30 days' prior written notice given in accordance with Section 6 (the "**Redemption Notice**"), at a Redemption Price of EUR 0.01 per Public Warrant on the Redemption Date specified in the Redemption Notice, provided that the Closing Price equals or exceeds EUR 18.00 per Public Share for any 20 out of the 30 consecutive Trading Days ending three Business Days prior to the Issuer issuance of the Redemption Notice. In case of a redemption pursuant to Section 5.1.1, the Warrantholders may exercise the Public Warrants on a cashless basis (pursuant to Section 3.7.1), unless the Issuer elected an exercise against payment in cash of the Exercise Price in the Redemption Notice, at any time after notice of redemption will have been given by the Issuer pursuant to Section 5.2 hereof and prior to 4:00 p.m. (Frankfurt time) on the day prior to the Redemption Date in accordance with Section 3.6.3(a). On and after the Redemption Date, the Warrantholder shall have no further rights except to receive, upon surrender of the Public Warrants, the Redemption Price.

5.1.2. The Public Warrants may also be redeemed, in whole but not in part, at the option of the Issuer, at any time during the Exercise Period, upon a minimum of 30 days' prior written Redemption Notice given in accordance with Section 6, at a Redemption Price of EUR 0.01 per Public Warrant, provided that the Closing Price is below €18.00 per Public Share but equals or exceeds €10.00 per Public Share for any 20 out of the 30 consecutive Trading Days ending three Business Days prior to the Issuer issuance of the Redemption Notice, subject to the availability of sufficient reserves to redeem the Public Warrants if exercised on a

cashless basis. During the Redemption Period in connection with a redemption pursuant to this Section 5.1.2, Warrantholders may elect to exercise their Warrants on a cashless basis and receive a number of Public Shares determined by reference to the table below, based on the Redemption Date (calculated for purposes of the table as the period to expiration of the Public Warrants) and the Fair Market Value (a “**Make-Whole Exercise**”). The exact Fair Market Value and Redemption Date may not be set forth in the table above, in which case, if the Fair Market Value is between two values in the table or the Redemption Date is between two redemption dates in the table, the number of Public Shares to be issued for each Public Warrant exercised will be determined by a straight-line interpolation between the number of shares set forth for the higher and lower Fair Market Values and the earlier and later redemption dates, as applicable, based on a 365 or 366-day year, as applicable.

The share prices set forth in the column headings of the table above will be adjusted as of any date on which the number of shares issuable upon exercise of a Public Warrant or the Exercise Price is adjusted as set forth under Section 4. If the number of shares issuable upon exercise of a Public Warrant is adjusted, the adjusted share prices in the column headings will equal the share prices immediately prior to such adjustment, multiplied by a fraction, the numerator of which is the number of shares deliverable upon exercise of a Public Warrant immediately prior to such adjustment and the denominator of which is the number of shares deliverable upon exercise of a Public Warrant as so adjusted. The

number of shares in the table above shall be adjusted in the same manner and at the same time as the number of shares issuable upon exercise of a Public Warrant. If the Exercise Price is adjusted, (i) in the case of an adjustment pursuant to Section 4.5, the adjusted share prices in the column headings will equal the unadjusted share price multiplied by a fraction, the numerator of which is the higher of the Market Value and the Newly Issued Price and the denominator of which is EUR 10.00 and (ii) in the case of an adjustment pursuant to Section 4.2, the adjusted share prices in the column headings will equal the unadjusted share price less the decrease in the Exercise Price pursuant to such adjustment of the Exercise Price.

5.2. Date Fixed for Redemption

In the event that the Issuer elects to redeem the Public Warrants pursuant to Section 5.1.1 or 5.1.2, the Issuer shall fix a date for the Redemption Date and include it in the Redemption Notice, provided that the Redemption Date shall not be earlier than 30 days after the date of the communication of the Redemption Notice.

5.3. Cancellation

Any Public Warrants so redeemed are cancelled automatically and immediately and the Warrantholder shall have no further rights in respect of such Public Warrants.

6. Notices to Warrantholders
